

## New Organizational Model

NJALL MEMBERSHIP APPROVES NEW ORGANIZATIONAL MODEL In order to promote the growth and development of NJALL as an organization, the Board of Directors decided to change its organizational model in 2009. After extensive study and consideration, a revised Constitution and Bylaws was adopted by vote of the membership in November of 2009. NJALL will no longer operate as a member-based organization, but rather will seek to engage with all those concerned with the advancement of adult learning in New Jersey.
